Education.

When choosing a school it's important to know it's history !

For 30 years **Medical Careers Institute** has graduated thousands of students that have become certified or registered technicians **without previous medical experience.**

MCI has firmly established itself as a vital member of the medical community.

MCI is unique in that the programs offered are taught 1 day per week for approximatley 7 hours per day or 2 evenings per week for 29-43 weeks, depending on the program.

Student loans now available for those who qualify. Payment plans are also available.

Medical
Careers
Institute is
located in
Chicago at 116
S. Michigan
Avenue across
from the Art
Institute and
Millennium
Park.
