[Courses](#)

[Request Information](#)

Medical Careers Institute provides a career-oriented approach to a technical education by:

- Offering individuals the opportunity to prepare for important careers in Diagnostic Medical Technology.
- Motivating the student and instilling the desire to strive for excellence through study effort.
- Preparing students to earn a diploma and graduate with pride as a professional with the ability to benefit themselves and others by seeking employment in the field of Allied Health Care.

CLASS SCHEDULES

Medical Careers Institute offers short-term, intensive programs designed to provide you with the skills and practical knowledge necessary to succeed in today's competitive job market. Classes meet 1-2 days per week. Day, evening, and Saturday classes are available to fit your busy schedule.

No on-line courses available.
